Check it out!

Your perfect match may be just a few answers away!

data-match
www.data-match.com

Just answer a few simple questions written by kids your age, and Data Match will make a list of students in your school who answered most like you.

When you buy your list, you'll be having some fun and helping your school, but make sure you find your Login ID, which is your key to even more excitement at www.Data-Match.com. You can even put your reports on facebook !
