

The Winner of the March Madness Contest is...

There were two students to correctly guess that Kansas University would win the 2008 Men's NCAA Basketball Championship, played April 7, 2008 AND that the combined score of both teams would be 143 points.

The two students having the correct answer are:

| Student | Grade | School | Entry Date & Time |
|----------------|--------------|--------------------------------------|------------------------------|
| Trevor K | 10 | Burlington High School | 2/1/2008 11:05:06 AM |
| Courtney N | 7 | Blessed Trinity Catholic High School | 2/13/2008 10:37:46 AM |

Since Trevor's correct answer was the first one entered, he is the winner and will receive a check for \$500.

Congratulations, Trevor! And congratulations to Student Council at Burlington High School, which will also receive a check for \$500.
