

Eco-Max Instructions

- Students fill out questionnaires online.
- Club officers or faculty advisor print student reports using the Data Match Print Program
- Students can also print their reports online
- Your cost is **33 cents** for each student filling out a questionnaire.

1 Choose or Create your Questionnaire

There are 8 to choose from, or create your own online.

2 Fax Control Sheet to Data Match

Complete all applicable sections.
Fax to: 412-220-7566

3 Distribute Survey Keys to Students

Students will need a Survey Key to fill out the Questionnaire. We will send these to you by e-mail. Print them onto Avery Label #5160.

4 Have students fill out online Questionnaire

Allow students 2-5 days. Logins will not be allowed after your chosen cut-off date.

5 Download and Install Data Match Print Program

Do this well before your sale. The program has a sample database so you can get familiar with it.

24-48 hours after your students complete their surveys, we will send you an e-mail that your results are ready.

6 Print Reports using the Data Match Print Program

Log in using the instructions in your e-mail to connect directly to your students' results.

This is done by the club officers or faculty advisor. Print reports one whole grade at a time.

7 Hold Your Sale

You choose the price. Most schools choose \$2-\$3 per student.

8 Pay Data Match

An invoice will be sent by email. Payment is due within 60 days.
